

Memorial Symposium
Celebrating Dr. Winslow R. Briggs
Recipient, the 25th International Prize for Biology

Biology of Sensing

December 2 Wed. and 3 Thu. 2009

Inamori Hall, Shiran-Kaikan
Kyoto University, Kyoto, Japan

Topics

- Phototropin: Structure, Photoreaction and Physiological Functions
- LOV Family Proteins
- Various Animal and Plant Sensing Systems

Guest speakers

Margaret Ahmad
(CNRS, University of Paris VI)

Roberto A. Bogomolni
(University of California)

John Christie
(University of Glasgow)

Jay C. Dunlap
(Dartmouth Medical School)

Kevin H. Gardner
(University of Texas)

Klaus P. Hofmann
(Charite Universitätsmedizin Berlin)

Moritoshi Iino
(Osaka City University)

Yasushi Imamoto
(Kyoto University)

Hironao Kataoka
(Tohoku University)

Steve A. Kay
(University of California)

Shinji Masuda
(Tokyo Institute of Technology)

Akira Nagatani
(Kyoto University)

Harunori Ohmori
(Kyoto University)

Mamiko Ozaki
(Kobe University)

Peter H. Quail
(University of California)

Eberhard Schäfer
(Universität Freiburg)

Yoshinori Shichida
(Kyoto University)

Ken-ichiro Shimazaki
(Kyushu University)

Masao Tasaka
(Nara Institute of Science and Technology)

Satoru Tokutomi
(Osaka Prefecture University)

Masamitsu Wada
(Kyushu University)

Symposium URL: <http://photo1.biophys.kyoto-u.ac.jp/ipb/ipb.html>

Organizers: Yoshinori Shichida (Kyoto Univ.), Masamitsu Wada (Kyushu Univ.), Akira Nagatani (Kyoto Univ.)

Sponsored by Japan Society for Promotion of Science (JSPS)
